English
This term students will listen to and read texts that explore predictable structures. They will discuss events and characters that they like in the story. Students will present their answer to the class.

Maths
Students will develop an understanding of developing patterns, counting to and from 20, recognise numbers to 10, subtilise numbers to 10 and sort objects by different characteristics.

Science
Prep will use their senses to observe the needs of living things, both animals and plants.

Prep Reading
This term in reading Prep is learning all the behavioural skills required when reading such as finger tracking, keeping your eyes on the book and sitting at the table. Each week students will be introduced to a new reading strategy to help them to decode the words.

The Arts
This term in visual Art students will create an artwork to present a story about their family. This will relate to their HASS unit.

HPE
Students will develop the functional movement skills of running, hopping, jumping and galloping through active participation activities, games and movement challenges.

HASS
Is HASS this term students will investigate their family history. They will find out what their family history is and how they know that.

Calendar Events
- Swimming: Every Friday this term
