Welcome to week 5 as we face another very busy schedule on the school calendar.

We are now mid-term and the first units of work for the year are being finalised and measurements of achievement are being implemented. Our Years 2-6 Class Reading Programs, with the inclusion of Miss Lizzie as The Reading Teacher, are really gathering momentum as are our Years 1-3 Home Reading Programs using ‘The Little Yellow Book’. Miss Rainnie’s work with Years 7&8 for English and Maths is also bringing dividends as she works closely with Miss Kelly and Mrs Cumming. Both programs are our strategic response to the GRG Great Results Guarantee initiative.

Parents are encouraged to speak with teachers regarding their child’s reading targets and learning behaviours. All students have set goals for themselves in negotiation with their teachers and will be able to tell you what they are good at and what they are working on. Test them out!!!

Today we have the following Education Queensland personnel visiting the school: David Morris Assistant Regional Director, Mrs Shelly Lewis Principal Supervisor Senior Schooling, and Mrs Lesley Pecchiar Principal Advisor State Schools. The team are visiting schools across the North Queensland Education Region to assist in building understanding and capacity regarding implementation of the Australian Curriculum and Senior Schooling initiatives.

Tomorrow I fly to Brisbane to the State School Principals’ Conference. Every State School Principal will be in attendance including past principals of Cloncurry State School P-12 and deputies who are now principals. The theme of the conference is ‘Collaborate, Innovate, Elevate’ as all schools are encouraged to work in collaboration to achieve results for all students across our organisation. I am looking forward to listening to key speakers and to returning with refreshed ideas on how to engage parents and community in our school improvement agenda. Children learn best when the school, the student and the parent are working closely together to achieve results!

Remember – to be able to read is to be able to learn!

Have a great week.

School News

SWPBS ~ School Wide Positive Behaviour Support

Learning Behaviours

Classes will be deconstructing
‘What makes a good learner’

FAFT ~ Families as First Teachers. (Birth to Pre-Prep Age)

Where: Cloncurry State School - Prep room

When: Tuesday Mornings 8:30am – 10:20am

If you are interested in attending the FAFT program please contact Patsy Tyrrell at the school Phone 4742 8333

Head Lice

Keep a Look Out, As Lice are About
Stay Aware, Please Treat with Care

Lost Property

Lost property is now located in the ‘Meet & Greet’ room with Miss Patsy. Items include lunch boxes, drink bottles, jumpers/jackets, pants and hats. If parents or students would like to have a look please see Miss Patsy.

Breakfast Club

Monday to Friday from 8:00 - 8:25am.
Breakfast Club is available to all students.

School Uniforms

School Uniforms can now be purchased at the Tuckshop during the following times:
Monday to Friday - 8:00–9:30

Around the Classrooms

Rainbow A - Prep

The Prep students have enjoyed another exciting week of learning. Last week we explored the letters C and N and students created their own nests to house some very brightly coloured birds! We are continuing to introduce new sight words each week. These are also sent home on strips for students to be practising them at home.

Reminders:
*Homework – please ensure homework is completed and returned to school on Thursday
*Swimming – swimming lessons take place each Tuesday morning in the morning session. Please ensure your child arrives by 8.25am to ensure a speedy departure from the classroom.
*Library – library borrowing is an exciting day for the Prep students. Please ensure your child returns their book and bag to the library tub each Friday morning to ensure they can borrow.
*Learning starts – learning starts at 8.30am. Please ensure your child arrives by this time each morning to minimise the disruption to the classroom routine and your child’s learning.
*Absence – if your little one is away, please complete the yellow absence slip and return to me asap. I appreciate your assistance with this. Nicole Jonkers

Rainbow B - Year 1

During Week 4 Rainbow B continued to work hard on their reading, sight words, blends, letters and sounds. In reading groups this week students focused on using a range of strategies to help read any words they didn’t know. These strategies included Lips the Fish, Owl Eyes, Stretchy Snake and Chunky Monkey. Ask your children about these strategies and encourage them to think about them when reading their home readers each night.

This week in Maths students built their knowledge and understanding of repeating patterns. Students demonstrated their knowledge by designing a spiral pattern snake. These came home last week.

In science, students selected an animal to explore and explain. Students had to think about what they looked like, where they lived, what they ate and what things they needed to survive. Rainbow B did a great job and sure know a lot of information about a lot of different animals.

Weekly reminder:
Library: Friday
Swimming: Monday afternoon
Have a fantastic fifth week of Term 1! Miss Bischof

Purple Class - Yr 2

This week in Purple Class we have continued our journey in breaking down poetry. We investigated the poem ‘Creek Dogs.’ The students did a great job at identifying the syllables, rhyming words and the rhythm of the poem. The tricky task came when they had to change the poem into something different. It was great to see their creativeness. The focus in Maths has been on addition and subtraction. Students have been using blocks to demonstrate their understanding of the different parts and whole of these sums. It was definitely another busy week.

Reminders
Tuesday – Library
Thursday – Swimming
Have a great week!
Miss Rachel Rozynski
**LIBRARY NEWS**

It is certainly full steam ahead for Term 1! Books in Homes catalogues have been handed out to all of the primary classes and students will receive their books on Tuesday 31st of March (the last week of term). We are also currently working on installing a brand new online Library System! Very exciting! More information on this development will be available at a later date.

**What’s Happening this Week:**

- Installing new Library system
- Weekly Book Review (see below)
- Lunchtime Bookclub every Wednesday

This is for any interested bookworms in Grades 6 and up. We will be reading and discussing John Marsden’s “Tomorrow when the War Began.”

- Books of the Week – 10 Junior Fiction and 10 Fiction (on the display shelf)
- New books and resources on display
- Lunchtime Reading Time with Mr Curran once a week (Thursday until 1pm)

**Library Borrowing Days:**

<table>
<thead>
<tr>
<th>Mon</th>
<th>Tues</th>
<th>Wed</th>
<th>Fri</th>
</tr>
</thead>
<tbody>
<tr>
<td>Crimson A</td>
<td>Orange Purple</td>
<td>Crimson B Red</td>
<td>Blue Green Rainbow A &amp; B</td>
</tr>
</tbody>
</table>

More information on these events will be available in next weeks newsletter.

**Weekly Book Review:**

**Eragon**

Perfect for fans of The Lord of the Rings, and The Hobbit, “Eragon” is an international fantasy sensation. While a thrilling read, and now a motion picture, this novel is suitable for ages 11 and up. Fifteen-year-old Eragon believes that he is merely a poor farm boy—until his destiny as a Dragon Rider is revealed. Gifted with only an ancient sword, a loyal dragon, and sage advice from an old storyteller, Eragon is soon swept into a dangerous tapestry of magic, glory, and power. Now his choices could save—or destroy—the Empire.

That’s all for this week, folks. Happy reading! **Miss Baker & Mrs Armstrong**

---

**Green Class - Yr 3**

Hello again to all our Green Class family and friends. Students have been extremely busy this week. As a class we have been studying persuasive texts and more specifically the structure of expositions. We have also continued exploring 3-digit numbers and examining living and non-living objects in science.

For the next fortnight, the school’s behaviour focus is to ‘Be Prepared’. It is excellent to see so many students getting to school on time with the necessary equipment. Getting to bed early is essential for student concentration, as is a nutritious lunch. Keep getting those kids to bed early and bringing in healthy lunches.

**Reminders:**

It’s all happening on Fridays for Green Class. On Fridays, students need to bring swimming equipment, a library bag and returning their home reading material. Have a great week!

*Asha Schumacher*

**Blue Class - Yr 4**

Blue Class is very excited to be learning about erosion in Science. We are especially excited as it is quite topical in the news at the moment with all of the wild weather happening on the coast. Students have been asked to keep alert when watching the news to see if they hear or see anything about erosion on Queensland beaches.

This week we continue our automaticity of times tables with the focus being the 4 times tables. It’s great to see students becoming so enthusiastic in learning their multiplication facts. Keep up the great work Blue Class.

Warm regards,

**Miss Swan**

**Red Class - Yr 5**

The Red Class this week was filled with science experts as we completed our first piece of assessment. The students had to create creatures that would survive in a hot or cold environment as well as a list of their behavioural and structural adaptations. We had a range of animals from Owl-madillos, to Butter-roos and a Morse! Great to see the students getting creative. Looking forward to another fun filled week in the Red room. **Mr Gene Harvey**

---

**Orange Class - Yr 6**

Please make sure your child/children are at school and on time as we are in the assessment period for all subjects and it would be a shame for your child to not have the opportunity to show their knowledge and understanding. Also if they are going to be away please let the office know.

Children need to bring their swimming gear on Mondays. If your child is not swimming please send a note to school with your child as to why.

Please make sure your child’s homework is complete and handed in every week for marking on a Thursday morning. Homework is a vital part of a child’s revision for what they have already learnt.

**Happy learning Mrs Dearne Hodgetts**
## Extra Curricular Activities

### Homework Club
Is a great support tool to assist students with homework support. Homework club runs Monday to Wednesday from 2:30 - 3:30 pm.
Afternoon tea is provided.

Come Along - We are here to HELP!!

### Maths Extension
Let’s get you ready for year 11 and 12 maths study!
**Where:** Resource Centre
**Who:** Students from year 9&10
**When:** Every Wednesday 2:45-3:20

### Music
- Monday 2:30pm - Rock Band/Jam Session
- Tuesday 7:50pm - Concert Band
- Thursday Big Lunch – Choir
- Friday Big Lunch - Jam Session

### Jumpstars
Students will begin practising a new routine from week 3, training both Tuesday and Thursday big lunches in the Burke and

### Junior Secondary - Yr 7 & 8

**JUNIOR SECONDARY** students in Year 7 are in assessment mode as we approach half way through the term. English drafts, science experiments and math exams are quickly filling the timetable. Please ensure that you check that students are on track with these responsibilities, homework and goal setting for learning.

### A snapshot of the week:

- **Tamika:** The process of filtration is one way to separate a mixture and our experiments this week were really enjoyable. Our group managed to retrieve some much cleaner water from the Cloncurry River with an estimated pH level of about 7.

- **Taylor:** We learnt how to filter dirty water in the science lab so we can be more prepared for our assessment in Week 5. It was a challenge making our own filters out of bottles.

- **Kiaschia:** We learnt more about how to change the denominators to add and subtract fractions with Miss Rainnie.

- **Sionn:** We learnt more about positive and negative integers using temperatures from around the world as real life examples. We also discovered how cold it can get in places like Washington D.C. and Stockholm and, even Sydney.

### Senior Secondary - Yr 9-12

First Aid course: our year 11 and 12 students will be completing their first aid course with Jenagar this Monday and Tuesday. The first aid course is part of their competencies for certificate II in Community Activities. The course will run each day from 8:30am – around 4pm depending on progress of the course. It will run in the senior room each day and will be supervised by teachers.

In Pathways this week, the school will be selecting sports captains for the year.

Year 11 and 12 PB winners – Brodie Mazlin and Hannah Bradley.

### Reminders:
- Year 9&10 Maths extension is on from week 4 to week 9 term 1. Students meet up with Mrs Green outside of the library every Wednesday. The session will run from 2:45pm-3:20pm.

### Year 11/12 English Communications Fire Demonstration
Last Thursday the Year 11/12 classes enjoyed a demonstration by the fire department on the school oval. Fire Chief Joe took the students through their procedures and process in the event of an emergency and the fire department’s role at the scene. Fire fighters Rachael and Ellie took them over the features of the truck and equipment.

When some of the students tried the Jaws of Life and fire hose out for size they discovered that in order to be an effective fire fighter you need to have a high level of fitness and strength. The students also learnt what processes would be followed in the event of a terrorist attack and how they approach putting out a fire.

If you see any of the Year 11/12 students and want to know more about the fire department’s equipment or processes they would be more than happy to fill you in on the event and the fire department’s importance to our community.

The feedback we received on the students’ behaviour was fantastic with one of the department’s fire fighters commenting that "they were very well behaved, you should be very proud."

Thank you to the fire department for coming during work hours for this presentation. It was a wonderful learning experience for all involved.

**Miss Donovan**
From the Guidance Officer

This week, a discussion on Career Education

Career Education
Adult
Realistic
Education
Employment
Research
Student

At our school there is particular focus on careers. Some of this includes, but is not limited to,
- Senior students attend a Townsville Careers Expo.
- Class discussions as career questions arise in class
- Parent teacher sessions, during the year.
- Career/subject selection night for year 10s
- Guidance Officer Career Counselling, already commenced with our current year 11 and 12 students

If your child says, I don't know what I am going to do for a job, career........ Talk about it.
Talk with your family and to your child's teacher/s, Principal, Indigenous Community Education Counsellor and Guidance Officer.
School is a big part of the career path for your child.

An interesting question is, when we start discussing careers?

In Australia, researchers talk about the importance of career development programs commencing in Prep and continuing during school years "In Australia, it is uncommon for kindergarten and primary schools to offer explicit career development programs. And yet, research tells us that the age at which individuals narrow their occupational alternatives is between six and eight and once these limits are set, individuals will rarely consider broader alternatives (Patton & McMahon, 1997)."
Comment continues along this line,
"Although it may be tempting to think that children of this age are too young for career education, Australian researchers, Patton & McMahon (1997) found that career development is a concept understood by children and adolescents from preschool to Year 12."
(Patton, Wendy and McMahon, Mary L. 1997 Career development and systems theory: connecting theory and practice.)

If you have any career concerns, come and have a coffee and talk about your concerns etc for your daughter/son. The Guidance Office is a welcome place for you to come and do this at CSS. Just ask staff at our front office to direct you.

Next week, discussion on adults role in children's career path.

John Crozier
Guidance Officer

**FREE SCHOOL DENTAL SERVICE**

**REGISTER NOW!**

1. Did you know, all children between 4 years old and end of Grade 10 are eligible for free School Dental check-ups and treatment?

   - Register for an appointment in Cloncurry today!

2. Did you know, once your child finishes Grade 10 they are no longer eligible for free School Dental check-ups and treatment?

   - Make sure your Grade 10 child doesn’t miss out! If they haven’t had their annual free check-up and treatment yet contact the Mount Isa Dental Clinic today.

3. Did you know, you need to contact us to register your child with the School Dental Service? Consent forms don’t go home through class any more.

**CONTACT THE SCHOOL DENTAL SERVICE TODAY:**

- Email: MT Isa_Dental_Admin@health.qld.gov.au
- Please make sure you tell us your child’s details:
  - Child’s full name
  - Child’s date of birth
  - Postal address
  - Phone number
  - Grade, School
- Phone: 47444407 or 4744 4041

---

**Time for a dental check-up? Does your child need dental treatment?**

**Cloncurry Dental Clinic** is open and offering **FREE** dental services to eligible students.

Please call **(07) 4744 4407** for one of our friendly staff to arrange an appointment at a time convenient to you and your family.

We look forward to seeing you soon!
Please come and support world kidney day at community Health

We are having a **BBQ lunch** to promote World kidney day and help raise fund for research so please donate a gold coin.

**DATE:** Tuesday 3rd March 2015

**TIME:** 11:30 am

This is our first year of promoting world kidney day!

We will have a Kidney Nurse Michelle Harvey who will be presenting a small presentation, so if you have any question please let her know.

---

**HEARING SERVICES**

The team from Australian Hearing will be visiting Cloncurry on Wednesday the 11th to Thursday 12th of March 2015.

We are able to see eligible clients under the Commonwealth Government’s Hearing Services Program as specified below:

- Pensioner Concession Card Holder or their Dependent
- Department of Veterans’ Affairs Gold or White Repatriation Health Card holder (specifically for war related hearing loss) or their dependent
- A Referred Commonwealth Rehabilitation Services (CRS) client
- Member of the Australian Defence Forces
- Children up to the age of 26 years
- Aboriginal or Torres Strait Islander peoples aged 50 years and over
- Aboriginal or Torres Strait Islander peoples participating in RJCP projects

Eligible clients are able to receive a full hearing assessment and access to a range of government funded hearing aids and rehabilitation services.

**We will be based at Community Health Wednesday 11th to Thursday 12th March 2015.**

Australian Hearing Townsville
07 4771 9100
CLUB PATRON

Cloncurry Football Club had the honour of meeting Former Socceroo and Cloncurry born Kasey Wehrman during his Cloncurry visit late last year.

We are excited that Kasey has accepted to be a patron for the Cloncurry Football Club.

During this visit Kasey was able to give great insights into helping the club form and develop.

Mission Statement

The Cloncurry Football Club is a soccer club that aims to promote and develop soccer, health and wellbeing throughout the Cloncurry, and North West Community.

2015 Competition

Cloncurry Football Club supports junior, senior men's and women's soccer. The aim is to play as much soccer as we can in Cloncurry. The younger age groups will play an in-house Cloncurry competition to learn and develop skills. Whilst the older age groups and seniors will play the tougher and diverse Mount Isa teams for greater development and competition.

Juniors are able to play a mixed gender competition.

Games proposed for in-house competition:

Squirts (under 4 – under 5), Small Field Comp
Under 6 and Under 7, Small Field Comp
Under 8 and Under 9, Medium Field Comp
Junior Games to be played Saturday Morning, Times & Dates TBD, games played at Cloncurry Recreation Grounds
Under 6 is some one turning 6 in 2015

Games proposed for Mount Isa Competition:

Under 10: Under 15, Large Field Comp*

*Pending Numbers, if we have enough an in-house comp will be arranged

Fee Structure

Squirts $40
Juniors (in-house Comp) $75
Juniors (Mount Isa Comp incl Zone Fee) $140
Seniors (Mount Isa Comp incl Zone Fee) $260

These Fees include - Football Federation Australia and Football Queensland Affiliation, Insurance fees, Zone fees and Uniforms. These fees have been kept to a minimum. Players and parents will be required to assist with some fundraising.

Help Wanted

We are looking for volunteers who are able to assist with:
- coaching junior and senior teams
- refereeing Cloncurry junior games
- canteen
- setting up fields

If you are able to assist with any of these, please contact Andrew on 0403 778 270.

Coaching & Refereeing

Cloncurry Football Club has access to Football Federation Australia Coaching resources to assist coaches with training drills and techniques.

A Zone Referee has kindly offered to come down and do some basic referee training, this is pending numbers interested and availability.

Training

Training will be held on Tuesday and Thursday afternoons and evenings at the recreation ground.

Training will commence the week of the 23rd of February.

Times will be determined and announced before training commences.

Gear Required for Games/Training

- Soccer Boots preferred however Joggers or Sandshoes will be accepted for the in-house competition
- Shin Guards
- Drink Bottle
- Sunscreen

Kit

Cloncurry Football will be using Cloncurry's traditional colours, Gold, Green and Blue for teams in the Mount Isa competition. For the in-house Cloncurry Junior competition the number of teams will need to be determined to finalise Jersey quantities and colours.
NDSS

national diabetes services scheme

Now providing testing strips and pen needles at Diabetes Queensland discounted prices in Cloncurry.

**Weekly opening hours:**

**Wednesday:** 10am - 12pm

**Thursday:** 6pm - 7:30pm

Health Precinct, 19-21 Scarr Street

For more information contact Cloncurry Shire Council on 4742 4100.
